Which Type of Vault Zone Training Would You Like?

_____ Annual Club Membership- \$200/month (min. of 12 month commitment)

Most economical for people planning on training on a regular basis

This is an annual training membership. This is the best option for the vaulter who wants to reach their maximum potential and is preparing to be successful in high school, college and beyond. This vaulter will train throughout the entire year focusing on training for speed, power, pole vault specific strength & conditioning, gymnastics training, technical vault training and mental/visual preparation. This vaulter CAN be a multi-sport athlete due to the fact that much of our training during the fall is done on weekends. Outside of their school track season, this vaulter will also have the option to compete with the club during indoor and summer competitions. These will include Fun Pole Vault ONLY competitions like the Reno Vault Summit, the Texas River Vault & the Beach Vault!!!

_____ **Seasonal Club Membership- \$250/month** (min. of 3 month commitment)

The seasonal membership is for someone who wants to train 3-6 consecutive months out of the year but not necessarily commit to the annual program. \$/250/mo **This option is only available if there are spots available in the club at the time that you want to start your seasonal program**

Our goal is to develop pole vaulters, not run numbers through the door! For this reason if the club is full we only accept new members during certain times of the year. This is typically in May after graduating seniors leave the club. Sometimes there may be a few spots that remain open during the Fall but the club is typically full by the time indoor season begins in January.
